driver trainin' the way it ought'a be!

This is the *same program*
available at:
Bristol
Motor Speedway
ATLANTA
MOTOR SPEEDWAY

A physiological approach, from the scientific angle of the Crash Investigator, your teen will really enjoy!

** Winner of the Safety Council's "Superior Performance" Award.*

** Selected for Georgia's "2016 Best of Marietta" Award for Driving Schools.*

**"Yeah, you think you know what this program is. ... so did I.
You don't... This one has teeth." – R. Goldberg ; parent**

Notice: Since attendance is not restricted to Southeastern communities, families have registered from Alabama, Mississippi, Florida, North and South Carolinas, Louisiana, Pennsylvania, Minnesota, Connecticut, Texas and Wyoming. Hotel recommendations available upon request.

What are the "Accident Avoidance Workshops"?

The most personal and relevant skill training program available, period. We teach what "driver's ed" does not: How to handle the car when lives depends on it. This parent-participation program is done in your student's own car, and shows your student how *fast* crashes happen, ... and trains them how to react in that situation. So when your student is faced with that *inevitable* emergency, they have *already practiced* how to handle it.

This can cut your insurance rates over \$1500 a year for 3 consecutive years.

Make no mistake thought ... that's just the icing on the cake. We know your child's life doesn't have a price on it.

Registration tip: We suggest reserving 3-4 months in advance to avoid sell-out situations. We DO NOT BILL anyone until two weeks prior to your selected event's classroom session, and in the meantime, you have reserved a spot with your name on it.. You may withdraw all the day before billing without issue. No harm, no foul, no penalty/fee.

This is an 8+ hour program delivered in 2 parts:

- 1- A 3+ hour classroom session held on a weeknight prior to the weekend, (Classroom times: 6:24 p.m. to 9:58 p.m.)
- 2- **One** 5-hour driving sessions on that following weekend. (Driving times: Morning from 7:00 to 12:15 p.m., or afternoon from 1:00 to 6:15 p.m.)

What does it cost?: Regular price: \$499. ***But*** ... thanks to our supporters and Partners in Education, ALL 2017 venues are offering this program for ***\$305 per parent/student team, (\$194 off)***. Also, for just an additional \$40, you may add a second parent, so all 3 of you could be eligible for Defensive driving Certificates ... which can ***significantly*** cut your insurance rates if you haven't done so in the past 3 years.

~ "This program gives parents and students the tools they need to communicate in high stressful situations about a very dangerous subject." -Wayne Estes; President; Sebring International Raceway

~ 6 crashes in 6 months. Drove from Minneapolis to Atlanta to attend 8 years ago. She's been crash-free since. -D. Myers

~ I've put all of my kids through this. I'm going to have to start adopting kids so I can keep coming back! -Mike Mahafee (parent)

~ The best part of this program, was that by the time we were done, I was able to talk to my kid again about driving ... **WITHOUT** getting the attitude. It changed our family forever. - M. Compo

~ "It's humbling to think about the number of lives and injuries that are probably spared because of this great program."

-Jerry Caldwell; Bristol Motor Speedway
Vice President/General Manager

When is the best time to enroll?: You should want to train your student how to handle an emergency before you subject them to that very real possibility by letting them drive on public roads. It's the same as the old, "Give them the gun safety class ... and THEN hand them the weapon" mentality.

Once they get their permit, and you've spent enough time with them in a parking lot getting them comfortable/fluent operating the vehicle, we can train them before the bad habits begin to take a set, which usually happens around the 30-day mark.

But no, ... one doesn't "outgrow" the need to know how to react appropriately when everything goes horribly wrong.
